IMPORTANT INFORMATION – Hot Meals from September 2016

Dear Parents and Carers,

As from Sept 2016 Hot School Meals will be delivered by a new company called ISS Facility Services. This is a change being implemented by Kingston following a recent tender process to review the School Meal Services.

Please find attached all the information you need to enable you to log onto the system, register your child, you will then be able to order meals for September.

The cost of the meal at present remains the same.

ISS are in the process of setting up all the children's details and you will be able to access the website as of 20 August 2016 to complete the registration process.

We apologise for the late notification of the changes but the announcement was only made last week and we had to wait for some information from ISS.

If you experience any difficulties during the registration process the number you need to call for assistance is 0844 5835754.

Kind Regards

Mrs Sarah Creegan
Headteacher
