## Method

1. Roll out the dough and use the small circle cutter to make 6 body parts for the caterpillar.
2. Bake the body shapes in the oven.
3. Once ready, set aside to cool.
4. Prepare the fruit by chopping it into small pieces.
5. Add red food colouring to some icing sugar and some green food colouring to another batch of icing sugar. This will be used to stick the fruit to the cookies.
6. Make the caterpillar's face using the pretzel as antennae, red icing for the face and green icing for the eyes.
7. The children can then spread green icing on the remainder of the cookies and decorate with whatever fruit they choose.
8. The Very Hungry Caterpillar is then ready to eat!
