

E-safety Guidance for Parents and Carers

The best way to help your child to be a safe when using the internet is to talk to them and make sure they understand these simple rules.

NICKNAME	Never give out personal details to online 'friends'. Use a nickname when logging on and don't share full name, email address, mobile number, school name and any photos.
FAMILY ROOM	Talk to your child about what they are doing online and who they are talking to. Get them to show you how to use things you are not familiar with. Keeping the computer in a family room means that you can share your child's online experience, they are less likely to act inappropriately (i.e. via webcam) and their online 'friends' will see they are in a family room.
UPSET	If your child receives a message that upsets them, remind them not to reply, they should save the message and show you or another trusted adult.
<i>STRANGERS</i>	Don't open files sent from people you don't know. They could contain a virus, or worse – an inappropriate image or film. An online 'friend' is anyone you have not met in real life; no matter how long you have been friends with them.
<i>lies</i>	Help your child to understand that some people lie online and that it's better to keep online 'mates' online. They should never meet up with any online 'friends' without an adult they trust. Spam and junk emails and texts are not true, don't reply or send them to anyone else, just delete them.
BLOCK	Make sure they know how to block someone online and report them if they feel uncomfortable.
SOCIAL MEDIA	It is against site regulations for many social media websites that children under the age of 13 have an account. This includes Facebook, Twitter, Pinterest, Snapchat and Instagram. As all children at Ellingham are below the age of 13, no child should have access to this chat- room. The age restriction is there to protect children's personal information under the 1998 The Children's Online Privacy Protection Act.
BLAME	Make sure your child feels able to talk to you, let them know that it's never too late to tell someone if something makes them feel uncomfortable. Don't blame your child, let them know you trust them.
